

Policy Title:

Quality Policy

Policy form:

SLT-QSF001a_5

SLTEC is committed to ensuring all work and associated activities undertaken on SLTEC operated sites are conducted a manner that ensures our high quality standards are maintained. Good quality performance is critical to the success of our business.

Our Goal is to achieve incident Free Operations and Operation Excellence at all SLTEC operated sites.

To achieve our goals SLTEC will:

- Efficiency manufactures and supply fertilizer products, which conform to the relevant specifications, meet contractual and regulatory requirements, and meet or exceed the expectations of our customers.
- Strive for cost and operational performance leadership, which is World Class by eliminating losses and waste in our manufacturing supply chain.
- Ensure SLTEC Management systems comply with the requirements of AS/NZS ISO 9001:2008, AS/NZ 4801 and other applicable standards.
- Ensure all personnel are familiar with appropriate documentation and procedures, in order to carry out their role in accordance with the Quality system and the Marketing Organization's requirements.
- Continually audit and update the management systems to ensure they are relevant and cost effective.
- Commit to integrating quality, environmental, occupational health, safety and security activities within its management systems, and provide training for employees in applying continuous improvement principles to their work.
- Seek cooperation and involvement of employees at all levels of the organization, which is essential for success and to sustain SLTEC's commitment to continuous improvement.

To support these goals, SLTEC is committed to continuous improvement through the ongoing development, implementation and maintenance of effective management systems.

Yours faithfully

Jamie McMaster, **Director**
Sustainable Liquid Technology P/L
