

# Ensure Your Crop Doesn't Have Limiting Nutrients

FERTILIZERS

## Cotton 7-7-7<sup>TM</sup>

Product Code: SNPK0099

Cotton 7-7-7 is designed to keep your crop growing during times of water logging and stress.

### Benefits:

- Tank-mixable with a wide range of ag chemicals.
- Maintain green leaves by applying targeted nutrient such as iron and zinc.
- Keep the crop growing during stressed periods to maintain yield potential.
- Assist crops with nutrients deficiencies to achieve higher yields.
- Can be applied via aerial application.

### Guaranteed Analysis (w/v)

Nitrogen (N)	7.0% w/v
N as urea	7.0% w/v
Sulphur (S)	7.6% w/v
S as sulphate	7.6% w/v
Zinc (Zn)	7.0%
Iron (Fe)	7.0%
Specific Gravity	1.352 kg/L
pH Range	1.0 - 2.0

### Typical Application Rates

#### Foliar:

Using aerial application methods use 1-3L/Ha with minimum of 40L/ of water.  
Using ground application methods use 2-5L/Ha with minimum of 80L of water.
