

7 Nutrients, 5 Biostimulants + 22% Potassium

K Trace™

Product Code: SNPKCB69

K Trace has 7 nutrients and 5 biostimulants with 22% plant available potassium to ensure your plant doesn't lack any of these nutrients. Its analysis is suitable for fertigation and foliar application across a wide range of crops.

Benefits of K Trace

- Chelated trace elements for rapid plant uptake and to drive the NPK metabolism.
- Contains SLTEC's QuadSHOT® - The ingredients stimulate soil biological activity; improving the cycling and availability of plant nutrients, plant uptake efficiencies and soil fertility and health.
- K Trace has a high analysis compared to other liquid products and provides economical and efficient supply of nutrients and the capacity to reduce rates compared to common prilled complete fertilizers on the market.
- Efficiencies can be made with K Trace in fertigation applications by placing the nutrients at the root mass where they will be taken up by the plant; reducing loss or waste of nutrients.
- As a foliar, K Trace can ensure your crop receives the potassium and other nutrients at the critical times.

Guaranteed Analysis

Nitrogen (N)	4.8%
N as ammonium	0.1%
N as urea	4.7%
Phosphorus (P)	1.9%
Potassium (K)	22.0%
Sulphur (S)	0.8%
Magnesium (Mg)	0.1%
Zinc (Zn)	0.3%
Boron (B)	0.008%
Fulvic Acid	0.006%
Humic Acid	0.1%
Fish Emulsion	0.2%
Kelp	0.2%
Molasses	0.2%
Specific Gravity	1.377 kg/L
pH	6.0 - 8.0
