

Designed to Provide a Safe Foliar Nitrogen Option to Growing Crops

Urea 24™

Product Code: GG0093

A buffered urea solution, designed for optimal leaf uptake, to encourage crop growth and potential yield.

Benefits of Urea 24

- Urea solution is highly efficient as a foliar.
- Foliar urea solutions do NOT require rainfall or irrigation to incorporate.
- Can be applied neat (without water).
- Urea 24 contains no nitrate, so is not corrosive to equipment when following standard hygiene practices.
- Urea 24 is compatible with a range of SLTEC®'s trace elements and many agricultural chemicals. Contact SLTEC® for specific compatibility data.

Urea 24: kg/ha Application Guide

Desired kg of Nitrogen	Rate of Urea 24
10 kg/ha	42 L/ha
20 kg/ha	83 L/ha

Guaranteed Analysis

Nitrogen (as urea)	24.0%
Specific Gravity	1.130 kg/L
pH	4.0 - 5.5

Typical Application Rates

Foliar:

50 to 80 L/ha with water as needed

Applications should be made with plant tissue results, and weather and crop conditions taken into account.
