

Maximise Your Crop's Potential

ZCMn ComplexTM

Product Code: SNPK0081

ZCMn Complex is a cost effective multi trace blend designed specifically for Wimmera - Mallee conditions.

Benefits of ZCMn Complex

- Balanced three way trace element, designed for Mallee conditions.
- Zinc is essential for carbohydrate metabolism and enzyme activation, deficiency symptoms include interveinal chlorosis and stunted crops.
- Copper is essential for energy transfer and helps regulate water movement, deficiency may appear as tip burn in cereals.
- Manganese is essential for chlorophyll production and photosynthesis. Deficiencies can be seen as chlorosis and may appear as small brown-black spots
- Can be used as a liquid injection or as foliar applied
- Compatible with Loveland Awaken
